Department of Banking/Finance, Morigaon College (A)**

About the Seminar

As India approaches the centenary of its independence, the nation stands at transformative crossroads. Viksit Bharat 2047 vision is a roadmap to evolve India into a fully developed nation by the year 2047. This ambitious goal rests on four foundational pillars: youth, poor, women, and farmers—the real drivers of India's inclusive growth story. Viksit Bharat 2047 envisions holistic development that goes beyond economic milestones. While the target of becoming a \$30 trillion economy with 8% annual GDP growth, the real success lies in building a society that is socially inclusive, regionally balanced, environmentally sustainable, and governed with integrity. The framework aims to harness India's strengths, address its weaknesses, capitalize on emerging opportunities, and mitigate potential threats. It emphasizes empowering citizens through social, political, and economic means, underpinned by a model of sustainable development that benefits all strata of the society. At its core, Viksit Bharat is about creating a globally influential India—a nation that not only aspires to be a superpower but also a leader in responsible and equitable growth. The transformation envisioned is not incremental but historic, setting new benchmarks in governance, innovation, equity, and environmental stewardship. This seminar seeks to bring together stakeholders from diverse sectors- academia, policy makers, researchers, entrepreneurs and regulatory bodies to engage in meaningful dialogue around key pillars of the Viksit Bharat framework.

About the College

Morigaon College was established on 1st July, 1964. It is one of the oldest institutions of higher education of undivided Nagaon district of Assam. It has completed 61 years as one of the premiere institutions, engaged actively in nurturing and disseminating ray of education in the region. In its initial two decades, the college imparted education only in Arts stream. The Science stream was introduced in 1985 and set to open up a new dimension by facilitating congenial environment to pursue higher education in science and cultivating scientific temperament. In 2002, the college introduced several vocational and job-oriented courses like Computer Applications, Fish Cultivation and Functional Hindi. In 2012, Commerce Stream in degree level was introduced with a view to fulfilling the need of higher education in Commerce. This fulfilled the long-felt absence of an academic centre for higher education in Commerce in Morigaon Town. In the face of the current socio-economic background, the UGC has reoriented and reshaped its policies and programme to make the Indian higher education system more career oriented with focus on quality and skills. Currently, the college runs undergraduate programmes in Arts, Science, Commerce, and Computer Applications; Post Graduate programmes in Geography and Zoology; and B. Voc. in Food Processing; Doctoral Research in the Dept. of Chemistry; and a number of Certificate Courses. In June 2025, Morigaon College was awarded the Autonomous status by UGC.

Address of Morigaon College (A)

Morigaon Town is the district headquarter of Morigaon and is well connected with roads. It is 78 km away from Dispur (Guwahati), 23 km away from Jagiroad, and 37 km from Nagaon. The nearest railway station is Jagiroad and nearest airport is LGBI Airport, Borjhar, Guwahati (96 Km).

Resource Persons

Prof. Homagni Choudhury

Professor of Economics and Head of the
Aberystwyth Business School, United Kingdom
