**Report on 3-days Workshop/Hands-on Training**  
on  
**"C & C++ Programming"**

**Date of Workshop/Hands-on Training:** 21<sup>st</sup>, 22<sup>nd</sup>, 23<sup>rd</sup> August, 2024

**Venue:** Computer Laboratory, Department of Mathematics, Morigaon College

**Organized by:** Department of Mathematics, Morigaon College under the banner of DBT Star College Programme

**Workshop Duration:** 3 days

**Resource person:** Ripunjoy Tamuli, HyvCode, Morigaon-782105

**Number of Participants:** 28

Participants' Background: Undergraduate students.

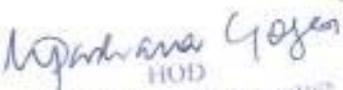

**Brief description of the programme:**

A 3-days Workshop/Hands-on Training programme on "C & C++ Programming" was organized by Department of Mathematics, Morigaon College under the banner of DBT Star College Programme. The primary objectives of the workshop were to introduce participants to the basics of the C/C++ programming language and to build foundational programming skills that can be applied to software development. The 3-days Workshop was inaugurated by Dr. Dhananjay Kusre, Vice Principal cum DBT Star College Coordinator, Morigaon College where the faculty members of Department of Mathematics & Department of Physics were also present. The workshop consisted of lectures, demonstrations, and practical exercises. The resource person covered most of the basics and key topics of C & C++ language including arrays and pointers, debugging techniques throughout three sessions of duration of 2 hours in three days. Throughout the workshop, participants engaged in various hands-on activities, including writing a simple "Hello, World!" program, building a basic calculator, implementing a sorting algorithm, writing functions to manipulate arrays and strings.

**Key Learnings and Outcomes**

By the end of the workshop, participants gained:

- A foundational understanding of C syntax and programming structures.
- Practical experience in writing, compiling, and executing C programs.
- Improved problem-solving skills and confidence in using C for projects.

### **Feedback and Observations**

The feedback was positive, with participants expressing satisfaction with:

- The quality of instruction and clear explanations.
- The balance between theoretical instruction and practical exercises.
- The instructors' ability to answer questions and provide individual guidance.
