**Field Study report**

**Title :**  
**EXPLORING HISTORICAL AND CULTURAL SITE OF HAJO**

Dr. Nibedita Saikia  
M.A, Ph.D

**Date: 21-03-2025**

Dr. Dibyajyoti Sarmah  
M.A, Ph.D

**Venue : Hajo**

**Department : Assamese**

**Supervisor : Dr. Nibedita Saikia, Dr. Dibya Jyoti Sarmah**

Utpal Mech  
M.A, M.PHIL.

**Objectives :** (1) To gain first-hand knowledge about what they have studied in the textbooks about the cultural heritage and historical monuments of the Hajo.

Nandita Talukdar  
M.A, M.PHIL.

(2) To enable the students to develop and deepen capacity to relate theory to practice and also to relate the experience to theory.

Hemaprava Rabha  
M.A

(3) To integrate classroom learning with field practices.

(4) Development of self-awareness and values among the students towards the society.

**Total Number of visiting students: 41**

**Introduction :** Setting the trip on roll at 6.30 AM on the 21<sup>st</sup> March 2025, the teachers of the Department of Assamese namely Dr. Dibyajyoti Sarmah, Dr. Nibedita Saikia along with the 41 (Forty One) student participants of the tour prayed and wished a safe and enlightening journey. The bus we hired reached the historical Hajo at 8.30 AM and our team stopped for breakfast. It was a very sweet experience to have a view of the morning. Everyone's mind filled with joy, hope and enthusiasm. The trip was a kind of great learning experience for all of us that helped to create a healthy bond between the teachers and the students which could enrich our knowledge horizon.

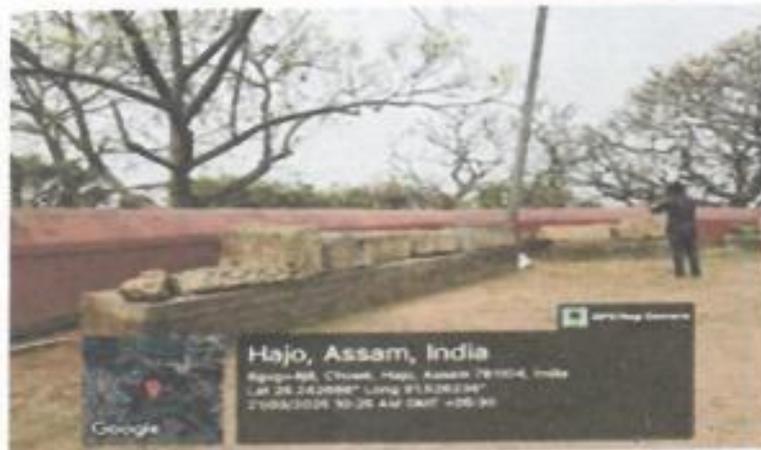

The team decided to begin educational exploration with our visit to the Poo Macca as our starting point. We booked our pass ticket where the guards had been very helpful and polite to us. After visiting and speculating the *Pooa Malkah* our team moved forward to another important place at Hayagriva Madhava Temple. Our team spent a quality time in the museum and then we proceeded to have our lunch at a traditional cuisine named "Maa Akhol" at around 3.00 P.M. After having our lunch we then proceeded to our last site of our Educational Tour- *Kedareswara Temple*.

21/03/2025

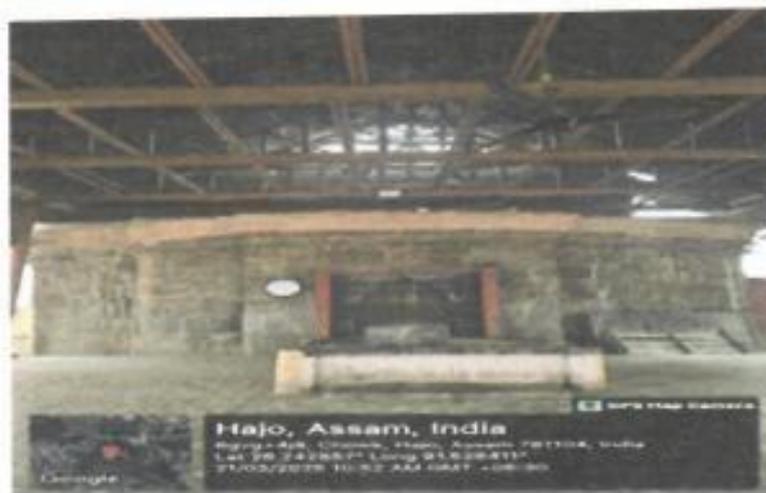

**Outcome :**

With the visit to the historical place of the Hajo in Kamrup district our students were very much benefitted and were in sighted with new first-hand knowledge. Their minds were filled with curiosities and were introduced to new ways of looking at things which crossed their boundary of knowledge gained through book learning. Such kinds of field visits would really benefit the student and enhance the learning process and make a difference in acquiring knowledge.
