Subject: Request for Permission to Conduct Field Trip for 3rd Semester Students

Sir,

With due respect, I would like to state that the Department of History, Morigaon College proposes to organise a field trip for the students of FYUGP 1st Semester as part of their academic curriculum (SEC Paper). The visit will help the students gain practical exposure and enhance their understanding of the topics covered in class.

We therefore request you to kindly grant us permission to conduct the field trip on 11th and 12th of November, 2024 to Sivasagar, Assam. We assure you that all necessary safety measures and supervision will be ensured during the trip.

We shall be grateful for your kind approval.

Yours faithfully,

Mr Deepak Kalita

Report on a Field Trip to Sivasagar, Assam

Report:

A two-day educational field trip to Sivasagar was organised for the students of 3rd Semester, Department of History, Morigaon College, commencing on 11th November, 2024 to 12th November, 2024. The field trip was conducted under the supervision of Ms. Suman Das, Assistant Professor, Department of History, Morigaon College. A total of 37 students participated in the field trip.

The field trip was designed to enhance experiential learning by exposing students to the historical significance of Sivasagar, the former capital of the Ahom kingdom. The visit enabled students to observe important historical monuments and heritage sites associated with the Ahom period. Academic explanations regarding the historical context, architectural features, and cultural importance of these sites were provided during the visit, facilitating better comprehension of medieval Assamese history and its material sources.

The field-based learning experience complemented classroom instruction and promoted critical observation, documentation, and interpretation of historical evidence. The activity also contributed to sensitising students towards the preservation and conservation of cultural heritage.

Objectives of the Field Trip:

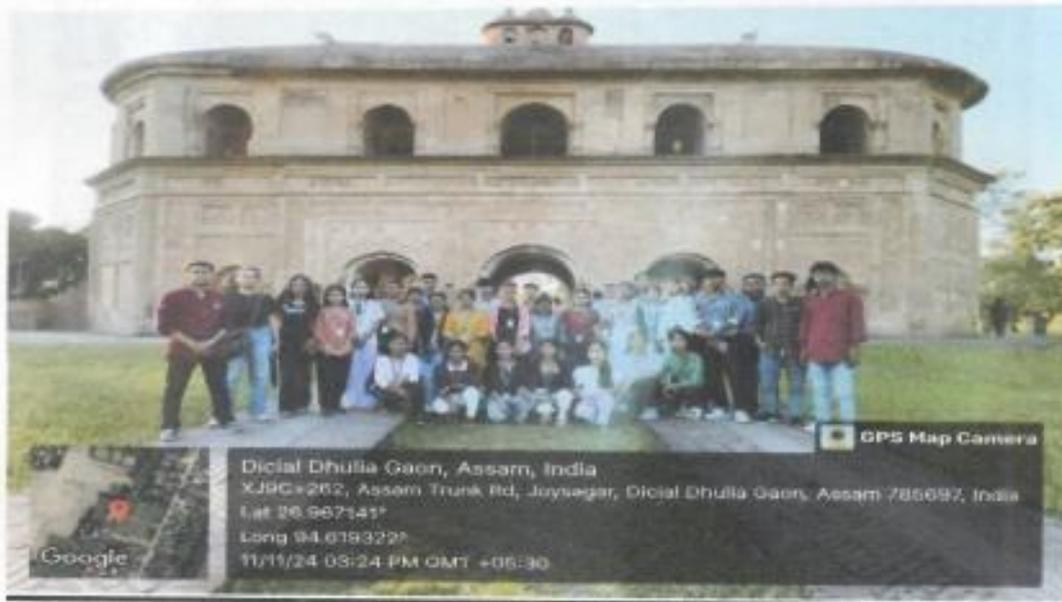

1. To provide experiential learning through direct exposure to historical monuments of the Ahom period.
2. To correlate theoretical knowledge with field-based historical evidence.
3. To develop analytical, observational, and documentation skills among students.

Outcome:

The field trip achieved its stated academic objectives. Students demonstrated improved understanding of the historical significance of Sivasagar and the Ahom legacy. The learning outcomes were assessed through the submission of individual field trip reports, which reflected students' ability to observe, analyse, and document historical information in a structured manner.
