

TWO DAY WORKSHOP AND HANDS ON TRAINING ON VERMICOMPOST TECHNOLOGY

Under
DBT STAR COLLEGE SCHEME

Resource Person:
Mr. Janmoni Mahanta,
Chairman, Yangli Farmers Produce Company, Morigaon

Organised by
Department of Botany
Morigaon College

Mr. Janmoni Mahanta Chairman, YANGLI FPC

The company has a total of 1022 shareholders in cooperative manner with 1014 female staff and 8 male staff. The company promotes *Vermicompost sale, Vermiwash, paddy and Azolla cultivation*. The company uses their own products such as vermicompost, Azo care, Bio powder etc. in horticultural practices promoting organic farming and their benefits in agriculture.

Objective of Workshop

The core objective of this two day workshop and hands on training programme is to develop skill in students regarding production and packaging of vermi-compost using household organic waste and creating awareness towards benefits of application of compost in agricultural fields. The workshop will help in developing an entrepreneurial attitude among the students empowering them with financial freedom.

Benefits of Vermicompost

- Earth worm improves:
- Soil Fertility
 - Soil Structure
 - Suppresses weed growth
 - Suppresses foliar diseases

Interested students are requested to contact Botany department for registration.
